

DEPARTMENT 13
OPEN CLASS VEGETABLES AND HERBS
SECTION A
VEGETABLES

- In selecting vegetables for exhibition, choose such specimens that would bring the highest market price. Do not select the largest; select marketable size specimens. If at all possible, do not mix varieties.
- The following factors are generally used by an expert vegetable judge:
 - Trueness to variety type. If at all, pick the specimens from one variety.
 - Uniformity in shape, size and color
 - Be sure to pick out a perfect specimen, select the others as similar to it as possible. Never mix specimens of different maturity.
 - Protect from dirt, disease, infection and mechanical damage. Select specimens that are perfect and show no blemishes of any kind.
 - Condition and maturity. Be sure that exhibits are of high quality.
- Read premium material carefully, following all rules and regulations. If an entry calls for 5 specimens, be sure to exhibit that number; do not enter 4 or 6. In any instance, your exhibits will be disqualified if the correct number of specimens is not entered.
- Each exhibitor is responsible for entering his vegetables in the proper class. Flat yellow onions entered in the globe yellow onion class will be disqualified.
- Exhibit your vegetables on white Styrofoam or heavy paper plates except where specifically told otherwise.
- Products must be made or produced by exhibitor except in commercial designated classes.

CLASS		1 ST	2 ND	3 RD	4 TH	5 TH
	PREMIUMS	\$3.50	\$3.00	\$2.50	\$2.00	\$1.50
	Beans, Dry Shelled (1 pint in rigid container)					
1.	Edible Soybeans					
2.	Horticultural					
3.	Kidney					
4.	Lima					
5.	Others (must list variety on entry tag)					
	Beans, Green Shelled (1 pint in rigid container)					
6.	Horticultural					
7.	Large Seeded Limas					
8.	Small Seeded Limas					
9.	Others (must list variety on entry tag)					
	Beans, Limas (20 pods)					
10.	Large Seeded
