

**DEPARTMENT 17  
FLORAL EXHIBITS**

- The use or displaying of artificial flowers is prohibited and no premiums will be paid.
- Plants positively will not be accepted for exhibition unless they have been growing in containers for two months.
- The management will not undertake to return exhibits or be responsible for the return of exhibits. Baskets or containers must be supplied by exhibitor and will be given every possible care, but the management assumes no responsibility for their safety.
- Flowers or plants entered for competition must be more than ordinary standard and quality to be entitled to an award.
- All entries must be brown by exhibitor except in arrangement classes.
- Suggestions: Flowers for both specimen classes and arrangement should be conditioned before exhibiting. Cut the flowers the day before the show, preferable in the late afternoon. Use a sharp knife or pruning shears, place immediately in deep water, put in a cool place overnight. Flowers hardened in this way stay fresh much longer.
- Each exhibitor is allowed only one entry in a class. Except in specimens where one entry is allowed in class subdivision.
- All products must be made or produced by exhibitor except in Commercial designated classes.
- Premiums will not be paid for Commercial exhibits.
